

REMARKS

Claims 1-55, 57, 59-192 are presently pending in the application. This paper provides a corrected section, namely a corrected listing of the claims, of the amendment paper entitled Response G mailed by Applicant on June 4, 2007. Thus, this paper replaces the listing of the claims in Response G and is therefore to be combined with, and become a part of, Response G.

Referring to the Notice of Non-Compliant Amendment mailed September 11, 2007, the Notice specifically states: "By way of convenience to Applicant, it is noted that aside from the aforementioned issue [which is being addressed by Applicant's presentation of this paper], the outstanding response to the restriction requirement appears to be clear and complete and the application appears to be in condition for examination on the merits."

Applicant expresses appreciation to the Examiner for the affirmative statement that the application is in condition for examination on the merits, once the issue in the non-compliant amendment is addressed. If for any reason this Replacement Section to Supplement Response G is considered not fully responsive to the issues raised in the Notice of Non-Compliant Amendment or any other communication from the Office, Applicant requests that the Examiner contact either the undersigned directly or Terrence J. Edwards to correct any deficiency.

According to the September 11, 2007 Notice of Non-Compliant Amendment: "If any of the boxes 1. to 4. are checked, the correction required is only the corrected section of the non-compliant amendment in compliance with 37 CFR 1.121." In this case, only box 4. is checked, such that only the claims section of the amendment needs correction.

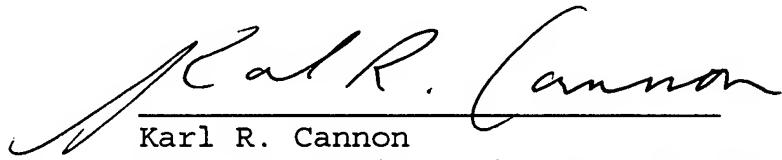

Specifically, the Office is requiring Applicant to file a corrected claim section: (1) listing the text of all pending claims only; (2) providing a proper status identifier for each claim; and (3) particularly clarifying the status of claims 56 and 58 through items (1) and (2) above.

Thus, this paper is simply presented to correct the listing of the claims, and specifically to correct the listing of claims 56 and 58, in Response G. It is noted that claims 56 and 58 have been previously, or are now being canceled in this paper, and that no claim text is being presented as required by 37 CFR 1.121(c)(4)(i) for claims 56 and 58. Each of the pending claims listed above is being presented with claim text and with an appropriate status identifier. Thus, to Applicant's knowledge, all of the deficiencies in Response G are adequately addressed by this paper.

The Commissioner is hereby authorized to charge any additional fee or to credit any overpayment in connection with this Amendment to Deposit Account No. 50-0836.

DATED this 11 day of October, 2007.

Respectfully submitted,

Karl R. Cannon
